

MANAGEMENT SOLICITATION

This Management Information Circular is furnished in connection with the solicitation of proxies by the Management of the Corporation for use at the Annual Meeting of Shareholders to be held at The Board of Trade of Metropolitan Toronto, First Canadian Place, 4th Floor, 100 King Street West, Toronto, Ontario on Thursday, the 17th day of May, 2001, at 2:00 o'clock in the afternoon (Toronto time) for the purposes set out in the accompanying Notice of Meeting. This solicitation is made by the Management of the Corporation. It is expected that the solicitation will primarily be by mail. Proxies also may be solicited personally or by telephone by officers and directors of the Corporation. The cost of solicitation will be borne by the Corporation. The information contained herein is given as of March 31, 2001.

The form of proxy forwarded to holders of Common Shares with the Notice of Meeting confers discretionary authority upon the proxy nominees with respect to amendments or variations of matters identified in the Notice of Meeting or other matters which may properly come before the Meeting. Management knows of no matter to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matters which are not now known to Management should properly come before the Meeting, the Common Shares represented by proxies in favour of Management nominees will be voted on such matters in the discretion of the Management nominees.

The form of proxy affords a Shareholder an opportunity to specify that the Common Shares registered in the Shareholder's name shall be voted for or withheld from voting in respect of the election of directors, the appointment of auditors and the authorization of the directors to fix the remuneration of the auditors.

On any ballot that may be called for, the Common Shares represented by proxies in favour of Management nominees will be voted or withheld from voting in respect of the election of directors, the appointment of auditors and the authorization of the directors to fix the remuneration of the auditors in accordance with the specifications made by Shareholders.

THE COMMON SHARES REPRESENTED BY PROXIES IN FAVOUR OF MANAGEMENT NOMINEES WILL BE VOTED IN FAVOUR OF EACH OF (I) THE ELECTION OF THE PERSONS NOMINATED BY MANAGEMENT AND NAMED HEREAFTER UNDER THE CAPTION "ELECTION OF DIRECTORS" AS DIRECTORS OF THE CORPORATION, (II) THE APPOINTMENT OF ERNST & YOUNG LLP AS THE AUDITORS OF THE CORPORATION, AND (III) A RESOLUTION AUTHORIZING THE DIRECTORS TO FIX THE REMUNERATION OF THE AUDITORS, UNLESS THE MANAGEMENT PROXY NOMINEES ARE OTHERWISE INSTRUCTED BY SHAREHOLDERS IN THE FORMS OF PROXY EXECUTED BY SHAREHOLDERS.

A proxy given by a Shareholder for use at the Meeting may be revoked at any time prior to its use. In addition to revocation in any other manner permitted by law, a proxy may be revoked by depositing an instrument in writing executed by the Shareholder who has given the proxy or by his attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer or attorney of such corporation, either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting, or any adjournment thereof.

NOTICE TO BENEFICIAL HOLDERS OF COMMON SHARES

The information set forth in this section is of significant importance to many Shareholders of the Corporation, as a substantial number of the Shareholders of the Corporation do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to herein as "Beneficial Shareholders") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominees for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting Common Shares for their clients. The Corporation does not know for whose benefit the Common Shares registered in the name of CDS & Co. are held.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders. However, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Independent Investor Communications Corporation ("IICC"). IICC typically mails a scannable Voting Instruction Form in lieu of the Form of Proxy. The Beneficial Holder is requested to complete and return the Voting Instruction Form to them by mail or facsimile. Alternatively the Beneficial Holder can call a toll-free telephone number to vote the Common Shares held by the Beneficial Holder. IICC then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a Voting Instruction Form cannot use that Voting Instruction Form to vote Common Shares directly at the Meeting as the Voting Instruction Form must be returned as directed by IICC well in advance of the Meeting in order to have the Common Shares voted.**

ELECTION OF DIRECTORS

The present term of office of each director of the Corporation will expire immediately prior to the election of directors at the Annual Meeting of Shareholders. Each of the persons whose name appears below is proposed to be elected as a director of the Corporation to serve until the next annual meeting of the Shareholders or until his successor is elected or appointed. The Board of Directors of the Corporation has determined the board of directors will be comprised of nine members to be elected at the Meeting. It is intended that on any ballot that may be called for relating to the election of directors, the Common Shares represented by proxies in favour of Management proxy nominees will be voted in favour of the election of such persons as directors of the Corporation unless the holder of such shares has specified in his, her or its proxy that such shares are to be withheld from voting in respect of the election of directors. In the event that any vacancies occur in the slate of Management nominees, it is intended that discretionary authority shall be exercised to vote the Common Shares represented by proxies in favour of Management nominees for the

election of such other persons as directors as may be determined by the Management proxy nominees in accordance with their best judgment.

The authorized capital of the Corporation consists of an unlimited number of preference shares, issuable in series, and an unlimited number of Common Shares, of which 65,869,315 Common Shares are issued and outstanding. Each Common Share carries one vote in respect of each matter to be voted upon at the Meeting of Shareholders. CORPORATE GOVERNANCE

The Board of Directors (the "Board") and management of the Corporation believe that effective corporate governance is essential to enhancing and protecting shareholder value. In 1995, The Toronto Stock Exchange (the "TSE") adopted a set of guidelines which were revised in 1999 (the "Guidelines") relating to corporate governance matters. The Guidelines address such matters as the constitution and independence of boards of directors, the functions to be performed by boards and their committees, and the relationship among a corporation's board, management and shareholders. All corporations listed on the TSE must now annually disclose their approach to corporate governance with specific reference to each of the Guidelines.

GUIDELINES	COMPLIANCE COMMENTS

The Board should explicitly assume responsibility for the stewardship of the Corporation, including:</p> <p>a) the adoption of a strategic planning process;</p> <p>b) the identification of the principal risks of the Corporation's business and the implementation of appropriate systems to manage these risks;</p> <p>c) the integrity of the Corporation's internal control and management information systems;</p> <p>d) succession planning, including appointing, training and monitoring senior management; and</p> <p>e) the Corporation's communications policy.</p>	<p>The Board of the Corporation has explicitly assumed responsibility for the stewardship of the Corporation and has assumed responsibility, both directly and through the activities of the Audit Committee, for the identification of the principal risks of the Corporation's business and ensuring the implementation of appropriate systems to manage those risks and the integrity of the Corporation's internal control and management information systems. Each new director is invited to visit the operating facilities and to meet with corporate and divisional management.
7. The size of the Board and the impact of the number of directors upon the Board's effectiveness.	The Board has determined that the present number of directors is adequate to operate effectively but may add additional directors if the right opportunity presents itself.
8. The adequacy and form of the compensation of directors should realistically reflect the responsibilities and risk involved in being an effective director. EXECUTIVE COMPENSATION

REPORT ON EXECUTIVE COMPENSATION

The Corporation's executive compensation program is administered by the Human Resources and Nominating Committee of the Board of Directors (the "Committee"). As part of its mandate, the Committee has primary responsibility for making recommendations to the Board of Directors with respect to the appointment and remuneration of executive officers of the Corporation. The Committee also evaluates the performance of the Corporation's senior executive officers and reviews the design and competitiveness of the Corporation's compensation plan. The Committee met once during the financial year ended December 31, 2000.

Executive Compensation Program

The Corporation's executive compensation reflects the Corporation's desire to remunerate its executives at a level commensurate with the market rate for executives with similar levels of responsibility. The basis for compensation to be paid to each executive officer consists of a base amount and, in most cases, performance-oriented incentive compensation. Incentive compensation is contingent upon both the short-term and the long-term performance of the Corporation and the individual contribution towards that performance made by the executive officer concerned.

Base Compensation

Annual base salary levels for executive officers of the Corporation are reviewed annually based on performance, industry compensation levels, the size of the business unit for which the executive bears responsibility, the number of employees under direct and indirect supervision and the ability of the

Corporation to pay. The recommendations of the Committee are then presented to the Board of Directors for approval prior to implementation.

Annual Bonus

Employees, including executive officers, are eligible for annual incentive awards which are determined by the Committee, subject to approval by the Board of Directors, with reference to the performance of their business unit as well as the Corporation as a whole. Performance is measured by comparing actual results against projected results, with specific reference to profit and asset control. Bonuses were awarded in the financial year ended December 31, 2000.

Stock Options

The Corporation's Employee Stock Option Plan is administered by the Committee. The Employee Stock Option Plan is designed to give each option holder an interest in preserving and maximizing shareholder value in the long term, to enable the Corporation to attract and retain individuals with experience and ability and to reward individuals for current performance and expected future performance. The Committee has the sole discretion to determine the key employees to whom it recommends that grants of options be made and to determine the terms of the options forming part of such grant.

The Committee prepares recommendations on the allocation of stock options and presents these recommendations to the Board of Directors for modification or approval. Any grant by and any determination made by the Committee requires confirmation by the Board of Directors.

For more details on the Employee Stock Option Plan, see "Management Incentive Plans and Other Arrangements with Officers".

COMPENSATION OF OFFICERS

The following table, presented in accordance with the Regulation made under the *Securities Act* (Ontario), sets forth all annual and long-term compensation for services in all capacities to the Corporation and its subsidiaries in respect of each of the individuals who served as a senior officer of, or who had a policy-making function in respect of, the Corporation during the financial years ended December 31, 2000, December 31, 1999, or December 31, 1998 (the "named executive officers").

Compensation of Directors

Effective January 1, 2000, each director who is not a salaried employee of the Corporation or any of its subsidiaries is entitled to be paid an annual fee of \$17,500 per annum for such individual's services as a director. The directors are also entitled to a fee of \$1,000 for each meeting attended in person of the Board of Directors or of any standing committee and \$500 for each such meeting attended by telephone. On an annual basis, aggregate cash compensation paid to all directors was \$196,500 for the financial year ended December 31, 2000. The remuneration described above is paid quarterly in arrears. Directors are also entitled to the reimbursement of their expenses incurred in attending meetings. In addition, directors that have served in such capacity for more than five years are entitled, upon their resignation, to receive a lump sum payment equal to the annual amount then payable to each director for service as a director.

The Board of Directors of the Corporation approved a directors stock plan on December 15, 1995 to be effective on January 1, 1996 (the "Directors Stock Plan") which is intended to encourage stock ownership by, and to provide effective incentives for, the directors of the Corporation to promote the success and business of the Corporation and to reward such directors in relation to the long term performance and growth of the Corporation. The total number of Common Shares issuable pursuant to the Directors Stock Plan is 46,354 and the only recipients of shares under the Directors Stock Plan are directors who would otherwise be entitled to directors fees of the Corporation. The issuance of Common Shares represents payment of 25% of the annual fees of directors to be paid each year by the Corporation. The Board of Directors of the Corporation may amend or cancel the Directors Stock Plan, subject to regulatory approvals in the case of any amendments. The number of Common Shares to be issued each year will be based on the weighted average trading prices of the Common Shares of the Corporation on the first two trading days of the calendar year in which the entitlement is earned.

The Corporation issued 5,448 Common Shares under the Directors Stock Plan at a price of \$6.42 per Common Share in respect of \$35,000 of fees otherwise payable to participating directors in respect of the financial year ended December 31, 2000.

Management proposes to nominate Ernst & Young LLP, Chartered Accountants, of Hamilton, Ontario as the auditors of the Corporation to hold office until the close of the next annual meeting of shareholders. Ernst & Young LLP have been the auditors of the Corporation for more than five years.

REMUNERATION OF AUDITORS

In the past, the directors have negotiated, on an arm's length basis, the remuneration of the auditors with the auditors of the Corporation. Such remuneration has been based upon the complexity of the matters dealt with by the auditors and the time spent by the auditors in providing services to the Corporation. Management feels that the remuneration negotiated in the past with the auditors of the Corporation has been reasonable in the circumstances and would be comparable to fees charged by other auditors providing similar services. Accordingly, on any ballot that may be called for relating to the authorization of the board of directors to fix the remuneration of the auditors, the Common Shares represented by proxies in favour of Management nominees will be voted in favour of the resolution authorizing the directors to fix the remuneration of the auditors, unless a Shareholder has specified in his, her or its proxy that such shares are to be withheld from voting in the authorization of the directors to fix the remuneration of the auditors.
