

## MANAGEMENT SOLICITATION

**This Management Information Circular is furnished in connection with the solicitation of proxies by the Management of the Corporation for use at the Annual Meeting (the "Meeting") of Shareholders to be held at Wyndham Bristol Place Hotel, 950 Dixon Road, Toronto, Ontario M9W 5N4 on Thursday, the 12th day of May, 2005, at 2:00 o'clock in the afternoon (Toronto time) for the purposes set out in the accompanying Notice of Meeting. This solicitation is made by the Management of the Corporation.** It is expected that the solicitation will primarily be by mail. Proxies also may be solicited personally or by telephone by officers and directors of the Corporation. The cost of solicitation will be borne by the Corporation. The information contained herein is given as of March 24, 2005.

The form of proxy forwarded to holders of Common Shares with the Notice of Meeting confers discretionary authority upon the proxy nominees with respect to amendments or variations of matters identified in the Notice of Meeting or other matters which may properly come before the Meeting. Management knows of no matter to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matters which are not now known to Management should properly come before the Meeting, the Common Shares represented by proxies in favour of Management nominees will be voted on such matters in the discretion of the Management nominees.

The form of proxy affords a Shareholder an opportunity to specify that the Common Shares registered in the Shareholder's name shall be voted for or withheld from voting in respect of the election of directors, the appointment of auditors and the authorization of the directors to fix the remuneration of the auditors.

On any ballot that may be called for, the Common Shares represented by proxies in favour of Management nominees will be voted or withheld from voting in respect of the election of directors, the appointment of auditors and the authorization of the directors to fix the remuneration of the auditors in accordance with the specifications made by Shareholders.

**THE COMMON SHARES REPRESENTED BY PROXIES IN FAVOUR OF MANAGEMENT NOMINEES WHICH DOES NOT SPECIFY ANY VOTING DIRECTION WILL BE VOTED IN FAVOUR OF EACH OF (I) THE ELECTION OF THE PERSONS NOMINATED BY MANAGEMENT AND NAMED HEREAFTER UNDER THE CAPTION "ELECTION OF DIRECTORS" AS DIRECTORS OF THE CORPORATION, (II) THE APPOINTMENT OF ERNST & YOUNG LLP AS THE AUDITORS OF THE CORPORATION, AND (III) A RESOLUTION AUTHORIZING THE DIRECTORS TO FIX THE REMUNERATION OF THE AUDITORS.**

**Each Shareholder has the right to appoint a person other than the persons named in the accompanying form of proxy, who need not be a Shareholder, to attend and act for him and on his behalf at the Meeting.** Any Shareholder wishing to exercise such right may do so by inserting in the blank space provided in the accompanying form of proxy the name of the person whom such Shareholder wishes to appoint as proxy and by duly depositing such proxy, or by duly completing and depositing another proper form of proxy.

A proxy given by a Shareholder for use at the Meeting may be revoked at any time prior to its use. In addition to revocation in any other manner permitted by law, a proxy may be revoked by depositing an instrument in writing executed by the Shareholder who has given the proxy or by his attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer or attorney of such corporation, either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the

proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting, or any adjournment thereof.

## **NOTICE TO BENEFICIAL HOLDERS OF COMMON SHARES**

The information set forth in this section is of significant importance to many Shareholders of the Corporation, as a substantial number of the Shareholders of the Corporation do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to herein as "Beneficial Shareholders") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominees for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting Common Shares for their clients. The Corporation does not know for whose benefit the Common Shares registered in the name of CDS & Co. are held.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders. However, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to ADP Investor Communications Corporation ("ADP"). ADP typically mails a scannable Voting Instruction Form in lieu of the Form of Proxy. The Beneficial Holder is requested to complete and return the Voting Instruction Form to them by mail or facsimile. Alternatively the Beneficial Holder can call a toll-free telephone number or use the Internet to vote the Common Shares held by the Beneficial Holder. ADP then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a Voting Instruction Form cannot use that Voting Instruction Form to vote Common Shares directly at the Meeting as the Voting Instruction Form must be returned as directed by ADP well in advance of the Meeting in order to have the Common Shares voted.**

## **BUSINESS OF THE MEETING**

### **ELECTION OF DIRECTORS**

The present term of office of each director of the Corporation will expire immediately prior to the election of directors at the Annual Meeting of Shareholders. Each of the persons whose name appears below is proposed to be elected as a director of the Corporation to serve until the next annual meeting of the Shareholders or until his successor is elected or appointed. The Board of Directors (or the "Board") of the Corporation has determined the board of directors will be comprised of nine members to be elected at the Meeting. It is intended that on any ballot that may be called for relating to the election of directors, the Common Shares represented by proxies in favour of Management proxy nominees will be voted in favour of the election of such persons as directors of the Corporation unless the holder of such Common Shares has specified in his, her or its proxy that such Common Shares are to be withheld from voting in respect of the election of directors. In the event that any vacancies occur in the slate of Management nominees, it is intended that discretionary authority shall be exercised to vote the Common Shares represented by proxies

in favour of Management nominees for the election of such other persons as directors as may be determined by the Management proxy nominees in accordance with their best judgment.

Each of the directors, except for Larry G. Moeller who was not a director for the period from August 14, 1999 to March 3, 2000, has served continuously as a director since the date he was first elected or appointed, which date is indicated below such director's name. The present term of each director will expire immediately prior to the election of directors at the Meeting. The Trustee in Bankruptcy of Dylex Limited has commenced proceedings against the former directors, officers and legal counsel of Dylex Limited in connection with the change of control transaction (the "Claim"). The Claim is being defended.

A record of attendance by directors at meetings of the Board and its committees, as well as the number of Board and Board committee meetings held during the twelve month period ended December 31, 2004, are set out in Schedule "A" to this Management Information Circular.

**APPOINTMENT OF AUDITORS**

Management proposes to nominate Ernst & Young LLP, Chartered Accountants, of Toronto, Ontario as the auditors of the Corporation to hold office until the close of the next annual meeting of shareholders. Ernst & Young LLP have been the auditors of the Corporation for more than five years.

**REMUNERATION OF AUDITORS**

In the past, the directors have negotiated, on an arm's length basis, the remuneration of the auditors with the auditors of the Corporation. Such remuneration has been based upon the complexity of the matters dealt with by the auditors and the time spent by the auditors in providing services to the Corporation. Management feels that the remuneration negotiated in the past with the auditors of the

Corporation has been reasonable in the circumstances and would be comparable to fees charged by other auditors providing similar services. Accordingly, on any ballot that may be called for relating to the authorization of the board of directors to fix the remuneration of the auditors, the Common Shares represented by proxies in favour of Management nominees will be voted in favour of the resolution authorizing the directors to fix the remuneration of the auditors, unless a Shareholder has specified in his, her or its proxy that such shares are to be withheld from voting in the authorization of the directors to fix the remuneration of the auditors.

Fees accrued to the Corporation's auditors, Ernst & Young LLP, for services rendered for fiscal year 2004 are as follows: for audit services \$536,500, for audit related services \$16,108 and for tax related services \$106,053, and for fiscal year 2003 were as follows: for audit services \$464,000, for audit related services \$37,000 and for tax related services \$85,000.

### **VOTING SHARES AND PRINCIPAL HOLDERS THEREOF**

The authorized capital of the Corporation consists of an unlimited number of preference shares, issuable in series, and an unlimited number of Common Shares, of which 90,746,736 Common Shares are issued and outstanding. Each Common Share carries one vote in respect of each matter to be voted upon at the Meeting of Shareholders. Holders of outstanding Common Shares of record at the close of business on March 24, 2005 are entitled to vote at the Meeting of Shareholders except to the extent that a person has transferred any Common Shares after that date and the transferee of such Common Shares establishes proper ownership and requests not later than 10 days before the Meeting that the transferee's name be included in the list of Shareholders eligible to vote at the Meeting.

To the knowledge of the directors and officers of the Corporation, other than as set out in the table below, no person beneficially owns or exercises control or direction over shares carrying more than 10% of the voting rights attached to any class of voting shares of the Corporation.

<b>Name and Address of Holder</b>	<b>Class of Shares</b>	<b>Type of Ownership</b>	<b>Number of Shares</b>	<b>Percentage of Common Shares</b>
N. Murray Edwards Calgary, Alberta	Common Shares	Direct and Indirect	25,276,319 <sup>1</sup>	27.9%

**Note:**

1. In addition, Mr. Edwards beneficially owns directly or indirectly \$15 million principal amount of 8.5% convertible debentures issued by the Corporation on January 7, 2003.

The directors and senior officers of the Corporation, as a group, hold 27,200,606 Common Shares representing approximately 30.0% of the outstanding voting shares of the Corporation.

### **STATEMENT OF CORPORATE GOVERNANCE PRACTICES**

The fundamental responsibility of the Board of Directors is to appoint a competent executive team and to oversee the management of the Corporation's business, with a view to maximizing shareholder value and ensuring corporate conduct in an ethical and legal manner by way of an appropriate system of corporate governance and internal control.

The Board of Directors and management of the Corporation believe that effective corporate governance is essential to enhancing and protecting shareholder value. The Toronto Stock

Exchange (the "TSX") adopted a set of guidelines (the "Guidelines") relating to corporate governance matters. The Guidelines address such matters as the constitution and independence of boards of directors, the functions to be performed by boards and their committees, and the relationship among a corporation's board, management and shareholders. All corporations listed on the TSX must now annually disclose their approach to corporate governance with specific reference to each of the Guidelines. The Board believes the Corporation is in compliance with the TSX Guidelines. Under the heading "Statement of Corporate Governance Practices" set out in Schedule "B" to this Management Information Circular, the Corporation's governance procedures are compared with the TSX guidelines for corporate governance.

In the last year, both management and the Board have monitored and, where appropriate, responded to regulatory developments aimed at improving corporate governance, increasing corporate accountability and enhancing the transparency of public company disclosure.

In accordance with the mandate of the Board, its specific responsibilities are to establish and maintain an appropriate system of corporate governance including practices to ensure the Board functions effectively and independently of management, including reserving a portion of all Board and Board committee meetings for in camera discussions without management present and in camera discussions without management and non independent directors present; reviewing and evaluating the strategic planning process and approving and monitoring the corporate strategic plan; ensuring that systems are in place to identify significant risks to the Corporation and to monitor and mitigate the risks; and that an adequate system of internal control is maintained to safeguard the Corporation's assets and the integrity of its financial and other reporting systems.

To assist the Board in the implementation of its mandate and key policies, it delegates some of its responsibilities to committees. The Board has an Audit Committee, a Human Resources and Compensation Committee and a Governance and Nominating Committee each of which is comprised entirely of outside and unrelated directors. The Board also has an Environmental and Safety Committee composed entirely of outside directors, the majority of which are unrelated and independent.

The Corporation has a non-executive Chairman of the Board. The Board considers the Chairman to be a related and non-independent director. The fundamental responsibilities of the Chairman of the Board are to provide leadership, manage the Board and ensure it carries out its responsibilities effectively, to ensure that the responsibilities of the Board are well understood by both the Board and management and that the boundaries between the Board and management are clearly understood and respected, and to represent the Corporation to external groups. The Board has adopted a written position description for the Chairman. The Board does not have an independent lead director, however, the Board believes sufficient processes are in place to enable them to function independently of management. As part of each meeting of the Board, the Board meets independently of management and non-independent directors. The Board has access to information independent of management through the external auditors. The Audit Committee of the Board meets with the Corporation's auditors independent of management.

The Corporation has a sound governance structure in place at both management and Board levels and a comprehensive system of internal controls relating to financial reporting. These structures and systems are continually assessed, reviewed and enhanced in light of ongoing regulatory developments affecting corporate governance, accountability and disclosure. The Board has adopted a written position description for the President and Chief Executive Officer (the "CEO"). The Board has reviewed and amended the Corporation's corporate governance practices and will continue to do so on an ongoing basis in response to evolving standards. In addition, during the last year the Governance and Nominating Committee has reviewed and revised, and the Board has approved and adopted such revisions to, the charters for each of the Audit Committee, the Governance and Nominating Committee, the Human Resources and Compensation Committee, and the Environmental and Safety Committee.

## **Ethical Business Conduct**

The Board has adopted a written code of ethics and business conduct for its directors, officers and employees. Complaints or questions concerning the code are directed to the Audit Committee and the Audit Committee reports to the Board. The Board ensures compliance with the code by requiring directors and management to set an example in ethical conduct. To ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has or may have a material interest, as part of the discussion concerning the proposed transaction the interested director or executive officer discloses his or her interest to the Board, the Board has in camera discussions without the interested director or executive officer present, and, in accordance with applicable law, an interested director does not vote on the matter.

For copies of the Corporation's guidelines, committee charters and code of ethics and business conduct please contact the Secretary of the Corporation at the head office, Magellan Aerospace Corporation, 3160 Derry Road East, Mississauga, Ontario, L4T 1A9.

## **Audit Committee**

The Audit Committee has the responsibility of overseeing the Corporation's oversight responsibilities with respect to the reliability and integrity of accounting principles and practices, financial statements and other financial reporting, disclosure practices, risk management, the performance, qualifications and independence of the external auditor, the performance of the internal audit function, and legal and regulatory compliance. In fulfilling its mandate during the year, the Audit Committee reviews the annual and quarterly financial statements, financial information contained in publicly disseminated documents and the annual external auditors' report and recommends the retention and, if appropriate, the removal of the external auditors. It also approves all audit services and pre-approves all permitted non-audit services to be provided by the external auditors. For additional information about the Audit Committee reference is made to the Corporation's Annual Information Form dated March 31, 2005.

## **Human Resources And Compensation Committee**

The Human Resources and Compensation Committee has the responsibility to monitor executive management's performance assessment and succession planning, reviewing compensation and human resources issues and reviewing the evaluation of the CEO's performance and recommending to the Board the CEO's compensation. The Human Resources and Compensation Committee has the responsibility on an annual basis to review the remuneration of the directors. In making its recommendation to the Board, the Committee reviews annual retainers and meeting fees paid to directors of other companies of similar size and industry.

## **Governance And Nominating Committee**

The Governance and Nominating Committee has the responsibility of monitoring the composition of the Board and its committees and overseeing corporate governance matters. This Committee reviews the corporate governance principles applicable to the Corporation and monitors its disclosure policies.

## **Environmental And Safety Committee**

The Environmental and Safety Committee has the responsibility of overseeing the development and implementation of environmental and safety policies, procedures and guidelines, assessing corporate environmental and safety practices and reviewing the Corporation's business plan to ascertain whether environmental and safety issues are adequately taken into consideration.

## **EXECUTIVE COMPENSATION**

### **REPORT ON EXECUTIVE COMPENSATION**

The Corporation's executive compensation program is administered by the Human Resources and Compensation Committee of the Board of Directors (the "Committee"). As part of its mandate, the Committee has primary responsibility for making recommendations to the Board of Directors with respect to the appointment and remuneration of executive officers of the Corporation. The Committee also evaluates the performance of the Corporation's senior executive officers and reviews the design and competitiveness of the Corporation's compensation plan. The Committee met twice during the financial year ended December 31, 2004.

#### **Executive Compensation Program**

The Corporation's executive compensation reflects the Corporation's desire to remunerate its executives at a level commensurate with the market rate for executives with similar levels of responsibility. The basis for compensation to be paid to each executive officer consists of a base amount and, in most cases, performance-oriented incentive compensation. Incentive compensation is contingent upon both the short-term and the long-term performance of the Corporation and the individual contribution towards that performance made by the executive officer concerned.

#### **Base Compensation**

Annual base salary levels for executive officers of the Corporation are reviewed annually based on performance, industry compensation levels, the size of the business unit for which the executive bears responsibility, the number of employees under direct and indirect supervision and the ability of the Corporation to pay. The recommendations of the Committee are then presented to the Board of Directors for approval prior to implementation.

#### **Annual Bonus**

Employees, including executive officers, are eligible for annual incentive awards which are determined by the Committee, subject to approval by the Board of Directors, with reference to the performance of their business unit as well as the Corporation as a whole. Performance is measured by comparing actual results against projected results, with specific reference to profit and asset control.

#### **Stock Options**

The Corporation's Employee Stock Option Plan is administered by the Committee. The Employee Stock Option Plan is designed to give each option holder an interest in preserving and maximizing shareholder value in the long term, to enable the Corporation to attract and retain individuals with experience and ability and to reward individuals for current performance and expected future performance. The Committee has the sole discretion to determine the key employees to whom it recommends that grants of options be made and to determine the terms of the options forming part of such grant.

The Committee prepares recommendations on the allocation of stock options and presents these recommendations to the Board of Directors for modification or approval. Any grant by and any determination made by the Committee requires confirmation by the Board of Directors.

For more details on the Employee Stock Option Plan, see "Management Incentive Plans and Other Arrangements with Officers – Stock Option Plan".

## **Chief Executive Officer Compensation**

The Summary Compensation Table summarizes the compensation data for the President and Chief Executive Officer (the "CEO"), the Vice President, Finance (the chief financial officer) and other Named Executive Officers under the caption "Compensation of Officers".

The CEO's annual compensation is determined by the Committee and recommended to the Board of Directors for approval and comprises the components described above based on the same criteria and measures set forth above. The individual performance of the CEO is measured against the goals, objectives and standards set by the Committee. The goals include both financial and non-financial dimensions, covering performance in the following areas: financial performance; marketing; operations; human resources management; technology and information infrastructure management; strategic planning; and corporate governance.

Based on a review of the foregoing, the Committee rates the performance of the President and Chief Executive Officer as part of his performance review and recommends to the Board of Directors his compensation based on his and the Corporation's performance.

Effective March 10, 2005, Donald Lowe resigned from the Human Resources and Compensation Committee and James S. Palmer was appointed to the Committee. The Committee is constituted with unrelated directors.

Submitted by the Human Resources and Compensation Committee of the Board of Directors:

William G. Davis (Chairman)

The Corporation maintains the Employee Stock Option Plan (the "Plan"). Eligibility for participation under the Plan is confined to directors, officers and employees of the Corporation and its subsidiaries. Stock options to acquire no more than that number of Common Shares which is equal to 2%, in aggregate, of the outstanding Common Shares may be held by directors who are not employees or officers at any time. Options issued under the Plan vest as and may be exercised during a period determined by the Board of Directors which may not exceed 10 years, are non-assignable and terminate immediately upon the termination of the participant's employment for just cause and 30 days after the resignation of the participant or the termination of the participant's employment without just cause. Options issued under the Plan normally have a life of five years with vesting at 20% at the end of the first, second, third, fourth and fifth years from the date of the grant. In addition, certain business unit income tests must be met in order for the option holder's entitlement to fully vest. The Corporation does not provide financial assistance to option holders exercising options. Amendments or discontinuance of the Plan requires the prior consent of regulatory authorities. Amendments to the Plan to increase the total member of Common Shares reserved for options, to reduce the exercise price of any option previously granted or to modify the provision of the Plan relating to eligibility require the consent of the shareholders of the Corporation.

During the year ended December 31, 2004, 305,000 options (being less than 1% of the Corporation's outstanding Common Shares) were granted to the named executive officers to acquire

Common Shares. As of March 24, 2005, options to purchase an aggregate of 2,546,500 Common Shares (being 2.8% of the Corporation's outstanding Common Shares) are currently outstanding under the Plan at prices ranging from \$3.00 to \$6.55 per share.

## Compensation of Directors

As of January 1, 2004, each director who is not a salaried employee of the Corporation or any of its subsidiaries is entitled to be paid an annual fee of \$15,750 per annum for such individual's services as a director. The directors are also entitled to a fee of \$900 for each meeting attended in person of the Board of Directors or of any standing committee and \$450 for each such meeting attended by telephone. In respect of the financial year ended December 31, 2004, on an annual basis, aggregate cash compensation paid to all directors was \$153,900. The remuneration described above is paid quarterly in arrears. Directors are also entitled to reimbursement of their expenses incurred in attending meetings. In addition, directors that have served in such capacity for more than five years are entitled, upon their resignation, to receive a lump sum payment equal to the annual amount then payable to each director for service as a director.

The Board of Directors of the Corporation approved a directors stock plan on December 15, 1995 to be effective on January 1, 1996 (the "Directors Stock Plan") which is intended to encourage stock ownership by, and to provide effective incentives for, the directors of the Corporation to promote the success and business of the Corporation and to reward such directors in relation to the long-term performance and growth of the Corporation. In May 2004, the shareholders of the Corporation approved an amendment to increase the number of shares issuable pursuant to the Directors Stock Plan by 100,000. Currently, the total number of Common Shares available to be issued pursuant to the Directors Stock Plan

is 97,070 (being less than 1% of the Corporation's outstanding Common Shares) and the only recipients of shares under the Directors Stock Plan are directors who would otherwise be entitled to director's fees of the Corporation. The issuance of Common Shares represents payment of 50% of the annual fees of directors to be paid each year by the Corporation. The Board of Directors of the Corporation may amend or cancel the Directors Stock Plan, subject to regulatory approvals in the case of any amendments. The number of Common Shares to be issued each year will be based on the weighted average trading prices of the Common Shares of the Corporation on the first two trading days of the calendar year in which the entitlement is earned.

The Corporation issued 22,744 Common Shares (being less than 1% of the Corporation's outstanding Common Shares) under the Directors Stock Plan at a price of \$2.77 per Common Share in respect of \$63,000 of fees otherwise payable to participating directors in respect of the financial year ended December 31, 2004.

		through the activities of the Human Resources and Compensation Committee. The Board discusses on a regular basis the succession planning process.
e) the Corporation's communications policy.	Yes	The Audit Committee reviews and recommends for Board Approval the audited and unaudited financial statements, annual and interim earnings press releases and other mandatory communication containing financial information. The Board reviews communications, including financial press releases and financial reports to Shareholders, prior to issuance. Senior officers of the Corporation are available to discuss with Shareholders their concerns.
2. The Board should be constituted with a majority of individuals who qualify as unrelated directors.	Yes	<p>The Board is composed of nine directors, six of whom the Board has determined qualify as unrelated. For the purposes of this determination an "unrelated" director is a director who is not a member of management and is free from any interest and any business, family or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of the Corporation, other than interests and relationships arising solely from holdings in the Corporation, and who: (a) is not currently, or has not been within the last 3 years an officer or employee of or material service provider to the Corporation of any of its subsidiaries or affiliates; and (b) is not an officer, employee or controlling shareholder of an entity that has a material business relationship with the Corporation.</p> <p>The Board is comprised of a majority of independent directors as defined in the Multilateral Instrument 52-110 Audit Committee".</p>
3. The analysis of the application of the principles supporting the conclusion in paragraph 2 above.		The Governance and Nominating Committee has determined that, other than Messrs. Edwards, Moeller and Neill, the Directors are considered to be unrelated under the Guidelines. Mr. Edwards has been a member of management within the last 3 years. Mr. Moeller is an officer of Edco Financial Holdings Ltd, a private company controlled by Mr. Edwards. Mr. Neill is a member of management. The remaining members of the Board are independent of management and are free from any interest and any business or other relationship (other than interests and relationships arising from shareholdings) which could, or could reasonably be perceived to, materially interfere with any such director's ability to act in the best interests of the Corporation. The Board has determined that Mr. Palmer is unrelated notwithstanding that he is a partner in a law firm that provides legal services to the Corporation. They reviewed the services

		provided from time to time to the Corporation by Burnet, Duckworth and Palmer LLP ("BD&P"), a law firm of which Mr. J. S. Palmer is the Chairman and a Partner and the amount of fees paid by the Corporation for those services. The Board determined that Mr. J. S. Palmer does not provide any legal services personally to the Corporation and that the amount of fees paid in 2004 to BD&P are not material to either the Corporation or BD&P.
4. The Board should appoint a committee of directors composed exclusively of outside, i.e., non-management directors, a majority of whom are unrelated directors, with the responsibility for proposing to the full Board new nominees to the Board and for assessing directors on an ongoing basis.	Yes	The Governance and Nominating Committee, which is composed exclusively of outside and unrelated directors, is responsible for identifying new candidates for appointment to the Board and making recommendations to the Board on corporate governance matters such as the size and composition of the Board; and the structure, responsibility and composition of committees of the Board.
5. The Board should implement a process to be carried out by the Nominating Committee or other appropriate committee for assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual directors.	Yes	The Governance and Nominating Committee is responsible for annually assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual directors.
6. The existence of an orientation and education program for new recruits to the Board.	Yes	The composition of the Board has been stable for the past several years, consisting of directors who are familiar with the industry, or who bring particular expertise to the Board from their professional experience. All directors are provided with an orientation program that includes the provision of published and non-published information that details the financial position and describes the business and organizational structures of the Corporation. Directors have toured most of the operating facilities and have had opportunities to meet with corporate and divisional management.
7. The size of the Board and the impact of the number of directors upon the Board's effectiveness.	Yes	The Governance and Nominating Committee is responsible for annually assessing the size of the Board and the impact of the number of directors upon the board's effectiveness. Additionally, the Board as a whole reviews the composition of the Board informally on an annual basis at a minimum. At present the committee and the Board have determined that the present number of directors is adequate to operate effectively but the Board may add additional directors if the right opportunity presents itself.

TSX Guidelines	Compliance	Comments
8. The adequacy and form of the compensation of directors should realistically reflect the responsibilities and risk involved in being an effective director.	Yes	The Board and the Human Resources and Compensation Committee periodically review the compensation of directors and, effective January 1, 2003, revised the directors' compensation in light of the difficult market conditions facing the Corporation. No changes were made in 2004.
9. Committees of the Board should generally be composed of outside directors, a majority of whom are unrelated directors.	Yes	The Audit Committee, the Governance and Nominating Committee and the Human Resources and Compensation Committee are each comprised entirely of unrelated and independent directors. The Environmental and Safety Committee is comprised of a majority of unrelated and independent directors.
10. The Board's responsibility for (or a committee of the Board's general responsibility for) developing the Corporation's approach to governance issues.	Yes	The Governance and Nominating Committee is responsible for developing the Corporation's approach to corporate governance and for ensuring the continuing effectiveness of the Board and its various committees.
11. The Board has developed: a) position descriptions for the Board and for the CEO, involving the definition of the limits to management's responsibilities; and b) the corporate objectives for which the CEO is responsible for meeting.	Yes	The Board has developed position descriptions for the Board and for the President and Chief Executive Officer and has established policies and procedures which detail the responsibilities, and authorities of management. The Board approves annual budgets and corporate goals, which the President and Chief Executive Officer is responsible for meeting, and meets regularly with the President and Chief Executive Officer and other managers to establish and monitor corporate objectives.
12. The structures and procedures ensuring that the Board can function independently of management.	Yes	The Board has separated the roles of Chairman and Chief Executive Officer. Mr. Edwards, who has been a director of the Corporation since 1995, is not a member of management. The Board believes sufficient processes are in place to enable them to function independently of management. As part of each meeting of the Board, the Board meets independently of management and non-independent directors. The Board has access to information independent of management through the external auditors. The Audit Committee of the Board meets with the Corporation's auditors independent of management.

TSX Guidelines	Compliance	Comments
<p>13.</p> <p>a) The Audit Committee of the Board should be composed only of outside directors.</p> <p>b) The roles and responsibilities of the Audit Committee should be specifically defined.</p> <p>c) The Audit Committee should have direct communication channels with the internal and external auditors to discuss and review specific issues as appropriate.</p> <p>d) The Audit Committee's duties should include oversight responsibility for management reporting on internal controls and should ensure that management has designed and implemented an effective system of internal controls.</p>	<p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes</p>	<p>The Audit Committee consists of Messrs. The Audit Committee meets regularly with the external auditors of the Corporation, with management and separately, to assess internal controls and management information systems in place and the effectiveness of these systems.</p>
