MAGELLAN AEROSPACE

WIRE STRIKE PROTECTION SYSTEM®

The *WSPS* is designed to provide a *measure of protection* for helicopters in the event of an encounter with *horizontally strung wires* and *cables*.

LOW COST • LIGHT WEIGHT • MAINTENANCE FREE • PASSIVE SYSTEM

HOW IT WORKS

The WSPS reduces risks when in forward level flight to operators and equipment by:

- Reducing the chance of wires penetrating the cockpit through the windshield
- Reducing the possibility of wires contacting the rotors or control linkages to cause flight control damage
- Reducing the possibility of wires becoming ensnared in the landing gear or other equipment

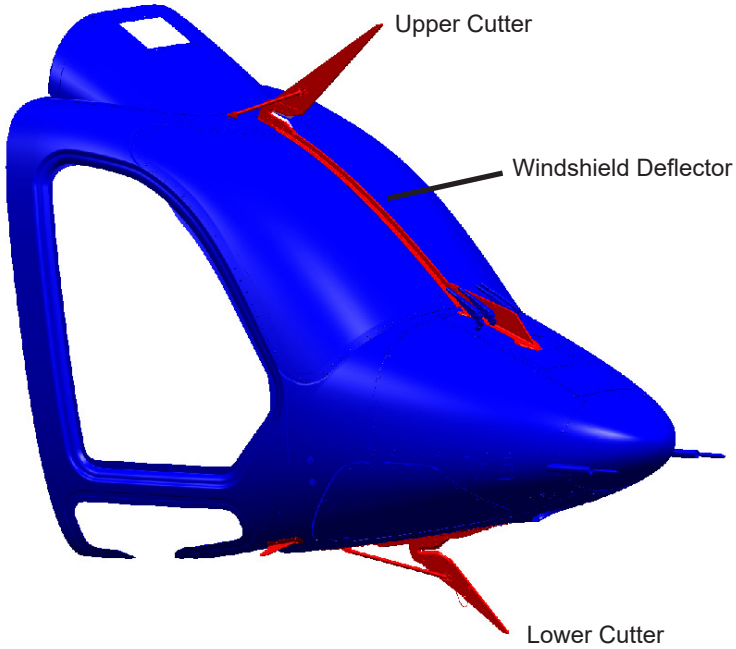

OUR KITS

We make kits for the following OEMs:

AIRBUS HELICOPTERS
BELL HELICOPTER
MD HELICOPTERS
LEONARDO
SIKORSKY
BOEING
KAWASAKI
KAZAN
KAMOV
HINDUSTAN AERONAUTICS LTD
ROBINSON HELICOPTERS

Configuration of kits varies depending on variant of helicopter and protection requirements. For a complete kit list, or for more information about the product, please visit our website at www.magellan.aero

ABOUT MAGELLAN AEROSPACE

Magellan Aerospace is a global aerospace company that provides complex assemblies and systems solutions to aircraft and engine manufacturers, and defence and space agencies worldwide. Magellan designs and manufactures aeroengine and aerostructure assemblies and components for aerospace markets, advanced proprietary products for military and space markets, and provides engine and component repair and overhaul services worldwide. Magellan is a public company whose shares trade on the Toronto Stock Exchange (TSX: MAL), with operating units throughout North America, Europe, and India.
